

"We Care About The Water You Drink"

January 10<sup>th</sup>, 2024

**Quality Assurance Program- Letter of Continuing Guarantee**

Puretap Water Distillers Ltd. complies with all regulatory requirements and licenses for the distribution and production of wholesome, unadulterated and properly labeled bottled water products. Our procedures are designed to control potential biological, physical and chemical hazards from procurement, to raw material production and handling, to the distribution of properly labeled products to our customers.

Puretap Water Distillers Ltd. operates using a Good Manufacturing Practices (GMP) and Food Safety Program. Within this program Puretap enforces Standard Operating Practices (SOP) in accordance with the Canadian Bottled Water Association. This includes the following programs: Shipping, Receiving and Storage, Sanitation, Equipment Maintenance, Pest Control, Recall and Water Safety. Puretap Water Distillers Ltd. does not enforce an Allergen Program as no allergens are present in the raw material, final product or in the production areas.

All products under the Puretap Water Distillers Ltd. name are certified Kosher under the Kashruth Council of Canada.
